Mandate:

The Apprenticeship and Certification Board has a governance role within its advisory mandate to coordinate a relevant, accessible and responsive apprenticeship and certification system in Manitoba. [*The Apprenticeship and Certification Act*](#)

Responsibilities:

The Board is responsible for:

- promoting apprenticeship training and certification;
- supporting employer and employee participation in apprenticeship and certification;

- advising the minister about the training needs of Manitobans and the needs of the Manitoba labour market for skilled and trained persons; and participating in interprovincial apprenticeship initiatives.
- Strategic planning

Membership:

The board is to consist of the following members appointed by the minister:

- (a) one member who is the chairperson and vice-chair;
- (b) five members who represent the interests of employees in designated trades;
- (c) five members who represent the interests of employers in designated trades;
- (d) two members who represent the interests of the public;
- (e) one member who is an apprentice, who is a non-voting member;
- (f) the executive director, who is a non-voting member.

Length of Terms:

Members are appointed for no more than 3 years per term and will continue to hold office until reappointed, a successor is found or membership is revoked. After serving for six consecutive years, a member is not eligible for re-appointment until at least one year has passed since the end of the member's last term.

Non-voting apprentice: Eligible to serve a single 2-year term only.

Desirable Experience:

Members need to be knowledgeable about training and labour market needs for the skilled trades. Knowledge of the broader education system including the secondary and post-secondary systems and their relationship, student transition patterns between the secondary and post-secondary systems and the role of apprenticeship within the broader education context is highly beneficial.
